- President Updates:
 - Outdoor space updates
 - Waiting on a quote from the contracting company (JBL)
 - Communittee can take the river stone rock that it is currently in the temp footprint space
 - Could possibly have a few connections who could take/move it for free/less money
 - We currently have \$50k for the outdoor space right now plus money that we can use towards the outdoor space
 - Plus we will have more funds from the Auction
 - Garden Club will oversee the maintenance of this going forward
 - Will get the same \$250 a year like the other clubs
 - Staff Funds requests
 - Math Program
 - ST Math
 - Focuses on conceptual math
 - No words, based on brain science and how we process information
 - Grade level component as well as support for low scoring students
 - Cherry Creek currently using it, one other school in Jeffco that is using it
 - Aligned with MAP scores so can help them focus on trouble areas
 - It shows growth anywhere from 10 – 15% increase in MAP scores
 - Pre-school through grade 5
 - This program really focuses on teaching conceptual math
